"DEAR MRS. PINKHAM:—Of all the grateful daughters to whom you have given health and life, none are more glad than I.

"My home and my life was happy

until illness came upon me three years ago. I first noticed it by being irregular and having very painful and scanty menstruation; gradually my general health failed; I could not enjoy my meals; I became languid and nervous, with gripping pains frequently in the groin.

"I advised with our family physician who prescribed without any improvement. One day he said, 'Try Lydia Pinkham's Remedies.' I did, thank God; the next month I was better, and it gradually built me up until in four months I was cured. This is nearly a year ago and I have not had a pain or ache since."—BOSSIE DELANO, 3248 Indiana Ave., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.
